

Update on Industrial Action

Dear Member

Thankyou for participating in the current Industrial Action, short of strike action.

At the Branch Committee meeting it was agreed that our Regional Organiser, Helen Eccles , write to Shelia Wheeler informing her that there was a high risk of escalation of the dispute re Redundancy Compensation; and rather than further escalating the Industrial Action UNISON would suggest that a meeting is arranged to discuss the possibility of reaching a mutually agreeable position.

Sheila Wheeler and Ken Maddock have responded asking for a meeting to be arranged next week for these discussions to take place.

This is a high level meeting and would not have been possible without the actions of our members.

Nigel Behan

Branch Secretary
